Subject: RE: AMDIAP Avoidance, Minimization, and Compensatory Mitigation Plan

Yes, I agree. There are many issues (i.e., alternatives analysis) aside from the lack of a compensatory mitigation plan, but good they are having the meeting.

Subject: FW: AMDIAP Avoidance, Minimization, and Compensatory Mitigation Plan

FYI –

AIDEA proposing to have a discussion with the agencies in the next 2 week (before PN deadline of Oct 29) to receive input on an Avoidance, Minimization and Compensatory Mitigation Plan. However, without anything concrete, I do not believe this changes our direction of pursuing a 3a letter.

Subject: AMDIAP Avoidance, Minimization, and Compensatory Mitigation Plan

Hi, All.

AIDEA would like to schedule a meeting to discuss restoration opportunities that could be incorporated into the Compensatory Mitigation Plan for AMDIAP. We understand that some agencies have already had discussions regarding this topic, and we wanted to get everyone together for a meeting to brainstorm potential projects agencies are aware of near the project.

Please let me know your availability for the next two weeks by EOD Friday October 11th, so I can schedule a meeting. If it is easier to provide your availability I have a simple spreadsheet with dates and timeslots.

In the meeting invite I'll provide an agenda for the meeting.

We look forward to working with you.
